October 21, 2005

Dear Valued Elvacite® Customer:

We at Lucite International, Inc. greatly appreciate your business. We have made every effort to avoid overreacting to events on the Gulf Coast, but must now face reality. Escalating prices of key raw materials and the continuing current and forecast energy situation, aggravated by the recent Gulf Coast hurricanes, make it necessary to announce that the price of Elvacite® acrylic resins will increase \$0.11/lb or as contracts allow with shipments on or after December 4, 2005.

We continue to aggressively seek ways to reduce costs and maximize efficiencies, to minimize the impact of cost increases and to provide you with the best value and quality in acrylic products.

Your account manger will be contacting you to discuss this adjustment.

We appreciate your business and look forward to continued growth and success together.

Sincerely,

W A Whitaker III
National Sales Manager
Lucite® and Elvacite® Acrylic Resins
