Dear Valued Customer:

The global demand for acrylic products remains high, and key raw materials have been tight in supply and escalating in cost. The impact of the recent Katrina and Rita hurricanes is further increasing the costs of raw materials, energy, fuel and other components.

These rising costs make it necessary to increase the price of all Lucite® Lighting products by 6% effective with shipments November 7, 2005.

Lucite International continues to take aggressive measures to reduce costs and maximize efficiencies in order to provide you with the best value and quality in acrylic sheet products.

Your account manager will be contacting you with regard to this adjustment. We will continue to monitor the volatile supply and cost situation and keep you informed of any developments.

We greatly appreciate your business and support, and look forward to working together for continued success.

Sincerely,

A handwritten signature in black ink that reads "Alan Ledger".

Alan Ledger  
National Sales Manager  
Lucite® Acrylic Sheet
