Dear Lucite® Lighting Customer:

The costs of raw materials, utilities and transportation continue to rise. We have absorbed these increased costs for some time, but with no relief in sight we find it necessary to increase the price of Lucite® Lighting products by 5% effective with shipments on September 25, 2006.

If you have any questions regarding this increase, please contact your Account Manager. We will continue to keep you abreast of any further developments to the market outlook.

We appreciate your business and support.

Sincerely,

A handwritten signature in black ink that reads "Alan Ledger".

Alan Ledger  
National Sales Manager
