September 26, 2005

Dear Valued Customer:

The limited availability and escalating prices of key raw materials, aggravated by the recent Katrina and Rita hurricanes, make it necessary to announce a price increase effective October 24, 2005. Perspex® and TufCoat® acrylic polymers will increase \$0.08/lb with shipments on or after October 24. As the global demand for acrylic products remains high, purchases at the current price will be limited to your historical monthly average.

We continue to aggressively seek ways to reduce costs and maximize efficiencies, to minimize the impact of cost increases and to provide you with the best value and quality in acrylic products.

Your account manager will be contacting you to discuss this adjustment with you. We will continue to monitor the volatile supply and cost situations and will keep you informed of the impact on supply and pricing.

We appreciate your business and look forward to continued growth and success together.

Sincerely,

W. A. Whitaker III

National Sales Manager

Perspex® and TufCoat® Acrylic Polymers
