Dear Valued Customer:

The costs of key raw materials used in the manufacture of acrylic sheet have continued to climb. In addition, tight availability of key feedstocks has caused multiple sellers to implement sales control. This higher cost basis and tightness in availability is expected to continue.

Because of these rising costs, it is necessary to increase the price of all Lucite® acrylic sheet products.

To help ease the impact of these cost transitions for our Customers, Lucite International will adjust pricing under the following two-step schedule:

	<u>Increase Amount</u>	<u>Effective with Shipments</u>
1 st Increase Step	~\$0.08/lb (see Attachment 1)	August 16, 2004
2 nd Increase Step	~\$0.04/lb (see Attachment 2)	September 16, 2004

Your account manager will be contacting you with regard to this adjustment. The attached schedules detail the increase by thickness for both increases.

Lucite International continues to aggressively seek to reduce costs, develop product innovations, and maximize efficiencies to provide you with the best value and quality in acrylic sheet products.

We appreciate your business and support, and look forward to continued success together.

Sincerely,
